### Summary of activities performed in 2017

- In 2017 Keystone Moldova was working on implementation of 10 projects, supported financially by Keystone Human Services International US, European Union, OSF/ECP, Soros Moldova Foundation, FHI 360//USAID, I'm Swedish Development Partner.
- The projects were focused on the following areas: 1) Deinstitutionalization and prevention of institutionalization, 2) Promotion of rights of persons with disabilities, 3) Inclusive Education, 4) empowering persons with disabilities for advocacy and self-advocacy, 4) promotion of social entrepreneurships, 5) media advocacy and 6) networking for social inclusion of persons with disabilities.
- Deinstitutionalization and prevention of institutionalisation. In 2017, Keystone Moldova supported the MHSPF to develop and discuss publicly the National Program on social inclusion of persons with disabilities for 2017-2022, as well as the National Program on deinstitutionalisation for 2018-2026. The National Program on social inclusion of persons with disabilities for 2017-2018 was approved in September 2017 and is under the implementation. To increase the link between the national policies and the local budget for social inclusion of persons with disabilities, as well as the efficiency of the budget, Keystone Moldova supported the Ministry of Finances and the MHSPF to develop the methodological guideline on planning and implementing the performance based budget for social care services. The local public authorities from 35 rayons were capacitated in how to use the methodological guideline. The performance based budgeting was piloted in 12 rayons. The public authorities from Transnistria get support in developing Regulations of MT and day care centre. The Regulation on Day care centre was already approved by the Transnistria central authorities. The Strategies on social inclusion of persons with disabilities from Ialoveni and Anenii Noi were up-dated. The initiative groups from both rayons received support in strategies implementation. All in total 4 projects were submitted by initiative groups to donors, received support and were implemented. LPA from 12 districts were capacitated in social inclusion of persons with disabilities, qualitative social care services delivery to persons with disabilities and monitoring and evaluation of the quality of social care services. Keystone Moldova assisted Orhei, Hincesti, Cocieri and Badiceni residential institutions in developing 14 supported living services (10 - from the state budget and 4 – from the budget of People in need). All in total, 74 persons with disabilities were transferred from residential institutions to communities. 20 support staff from residential institution from Orhei, Hincesti and Cocieri have been capacitated in community based services delivery. With EU financial support, 5 mobile team services have been established and developed in the following rayons: Causeni, Stefan Voda, ATU of Gagauzia, Tiraspol and Slobozia, as well as one day care centre in Caragas, Slobozia. 21 specialists were recruited, employed and trained to work in

the newly created services (5 MTs and 1 day care centre). The Mobile Teams from Causeni, Stefan Voda and ATU of Gagauzia were accredited. 84 LPA and service providers from Stefan Vodă, Causeni and Gagauzia strengthened their capacities in Case Management and Quality Assurance in Social Services Provision. 15 CSOs from both Nistru river banks were trained in the implementation of the UNCRPD, as well as on Project Proposal Writing and Project Management

- Promotion the rights of persons with mental disabilities. With EU support, Keystone Moldova • developed the Hotline service to report the human rights violation in neuro-psychiatric residential institutions. 153 persons with mental disabilities from 6 residential institutions were capacitated in how to defend their rights and in complaint mechanism. 15 the most active participants got mobile phones and became part of the complaint mechanism. 1412 calls have been received from 489 persons in 2017. 74 cases of rights violation were reported. Of them, 15 cases were referred to IDOM lawyers. Keystone Moldova organized a national awareness campaign through Mobile Information Bus "European Union helps me to protect my rights!". Following the campaign activities, 2274 persons with mental disabilities from residential institutions increased their knowledge on their rights and Hotline service. 891 community members attended the communication events . 27 NGOs (AOPD members) have been involved in developing the alternative report on UN CRPD implementation that was presented in Geneva in March 2017. 20 CBOs were involved in development of recommendations to strengthen the Independent Monitoring Mechanism in Moldova. 168 representatives of CBOs increased their knowledge on combating discrimination against persons with mental disabilities at local level. CBOs from 6 districts have been capacitated in social problems definition and project proposal writing.
- Inclusive education. Keystone Moldova concluded MoU with Ministry of Education, Culture and Research regarding the collaboration in the field of educational inclusion of children with special educational needs for the next five years. Developed Instruction on implementation of Early Child Development Assessment Methodology and consulted with 12 Pedagogical Assistance Services (PAS). Strengthened the capacities of staff from 5 pilot inclusive kindergartens in inclusive education of children with SEN. 174 parents from 5 localities were capacitated in psychological preparation of children for transition from kindergarten to school. Conducted master class for 36 PAS specialists by Cahul PAS on assessment of educational needs of children with SEN. Keystone Moldova organised 12 workshops for 245 specialists from PASs, managers and teachers for sharing good practices, results and challenges in implementing inclusive early education.
- Advocacy and Self-advocacy activities. The informal network of self-advocates was created and expanded (from 9 districts to 15 districts), including in Transnistria and Gagauzia in 2017. At least 150 self-advocates from 12 districts were empowered to advocate for their rights. All selfadvocates were assisted in claiming and fulfilling their rights such as living independently and being included in the community; freedom of expression and opinion; education; health; work and employment; participation in cultural life, recreation, leisure and sport; personal mobility etc. Selfadvocates with Keystone Moldova support conducted several advocacy initiatives, including: 1) 4 advocacy initiatives aimed at making accessible infrastructure in Taraclia, Cantemir, Căușeni and Fălești, 2) advocacy for deinstitutionalization and community living of persons with disabilities in six residential institutions. Self-advocates were involved in raising public awareness regarding persons with disabilities as equal members of the community (social theatre performances in 6 schools in Fălești; "lessons of diversity" in Cantemir, Ungheni and Taraclia; media campaign "I support inclusion" with distribution of 24 story-telling stories and 2 short films developed by selfadvocates etc.). Self-advocates were involved also in central and local policies development (consultation of the national strategies, recommendations for social inclusion, alternative reports on social inclusion). 19 parents CSOs/groups from 11 districts were involved in National Platform of Parents organizations and capacitated in advocacy and self-advocacy. Parents advocacy initiatives in 2017 covered the following: (1) including the contribution period of parents who took care of their children with disabilities in the calculation of pension; (2) including the recommendations on health-issues faced by persons with disabilities and their families in the National Program on Social Inclusion of Persons with Disabilities 2017-2022; (3) amending the local

legislation regarding the issue of income tax exemptions for taxpayers with persons with severe disabilities as dependents; (4) amending the local legislation regarding the issue of social aid and aid for cold season for families with persons with severe disabilities. The parents platform developed the Comments on the State party's observations for the complaint submitted to CEDAW against Republic of Moldova regarding the discrimination of women having children with severe disabilities in exercising the right to social protection and right to private life. The parents platform participated in the national working group on developing the criteria for determining disability for children aged 0-18. In the last three years, the parents platform submitted 21 petitions to Moldova public authorities , UN Committee on Women's Rights to modify / improve the national legal framework; 7 inquiries to the CPEDAE (Council for the Prevention and Elimination of Discrimination and Equality Assurance) , 100 inquiries - to representatives of public authorities, organised 89 meetings with central and local public authorities.

# 1.4. The project "Support of inclusion of people with intellectual disabilities into society in Moldova" (May 1-November 30, 2017)

**The main project objective:** To provide consultancy services on developing the four supported living services for people with mental disabilities from Balti, Badiceni, Brinzeni and Cocieri

Project progress to achieve objectives

Objective 1. Continuous support for persons with mental disabilities in the transition from residential institutions to supported living services

- The draft Regulation and Quality standards of 4 supported living services developed and discussed with the staff
- The internal Regulation of the Supported living service developed and discussed with staff of the supported living services
- The multidisciplinary team established in each residential institution and approved by the Directors of residential institutions
- The personal file of 24 persons with disabilities recommended to be transferred from residential institutions to supported living services updated, discussed and agreed by the multidisciplinary team

Objective 2. Support the inclusion of persons with mental disabilities at community level

- Conducted four meetings at community level to select the appropriate houses for developing the supported living services.
- Provided the discussions with main stakeholders in four communities on social design of the community services and the role of local authorities to prepare the community members to change their attitudes towards social inclusion of persons with disabilities
- Conducted four workshops at community level to combat stigma and discrimination against persons with mental disabilities. 81 community stakeholders participated in workshops and increased their level of knowledge on social inclusion of persons with mental disabilities

**Objective 3.** Capacity building of the employees of supported living services in developing professional skills of persons with mental disabilities selected to be transferred from residential care to community living

- Five days initial training has been conducted for staff selected by residential institutions' administration to provide support to persons with mental disabilities. All in total, 23 persons attended the training program.
- Two days continuous training has been conducted for staff to provide specialized assistance based on individual needs of each person moved in community. All in total, 20 persons attended the training program.
- The List of persons selected to be transferred from residential institutions to supported living services agreed. The evaluation of persons at the moment of moving persons with disabilities from residential institution to supported living service have been carried out and submitted to the multidisciplinary team.
- The internal regulation of supported living service discussed and signed with all persons moved into service.
- The individual assistance plans developed for people who have been moved from residential institution to supported living service.

# 1.5. The project: "Advancing and monitoring the rights of persons with mental disabilities from neuro-psychiatric residential institutions" (April 27, 2016-April 27,2019)

**Project goal:** To empower persons in neuro-psychiatric residential institutions and local CSOs to defend and monitor the rights of persons with mental disabilities in Moldova

# SOCIAL ENTREPRENEURSHIP ACTIVITIES

# 2.1. Training center Keystone Moldova

Π.

**The main objective** of the training center activities is to increase the sustainability of Keystone Moldova organization

# Performed activities during the reported period of time Maintenance activities

- The audio system was improved by purchasing additional equipment and accessories. This investment (a mixing amplifier) will offer the possibility to improve the interconnection of the translation equipment with the mobile microphones and PC-audio (including Skype). The new equipment of the Training Center was installed and tested. The Training Center staff learned how to operate the equipment.
- The heating system was improved by adding some spare parts for the equal distribution of the heat in the radiators and the installment of a room thermostat. All these works have led to comfortable warmth throughout the center and a more efficient use of the fuel.

• The doors frame was covered with a dark colored strip to increase the contract between the doors and the frames. The increased contrast help persons with visual impairments to use easier the facility.

# Communication and marketing activities:

- The Facebook page was used to promote the Training Center Services.
- The number of Facebook likes increased from 333 likes on January 1 to 414 likes on June 30, 2017 and 484 on December 31.
- Agreements were signed and the Training Center was rented to the following organizations: UNDP, SOIR, East Europe Foundation, AOPD, GIZ, People in Need, Eco Razeni, ACSA, CJI, CIDO, IOM, Council for Nondiscrimination, CICO, Skat Moldova, ODIMM and for the trainings organized by Keystone Moldova from different projects.
- Long term agreements were signed with Global Business Access and "CEO-GRUP" SRL. These companies organize their training activities at Keystone Moldova training center.
- Business collaboration proposals were sent to consulting companies that usually rent the training venues for various events.
- The tenders announcements were followed and cost offers were sent.
- Money gained from the training room rent was used to help support the reintegration in the family of one beneficiary, renovation costs of the house in Lapusna for two deinstitutionalized adults and the renovation of the Supported Living service from Falesti.

# **2.2.** EcoVox Social enterprise

**The main objective of Eco-Vox enterprise** is to support the individuals with disabilities to live a meaningful life in community and to be self-sustainable

# Performed activities during the reported period of time

- The Facebook page was used to promote the EcoVox activity. The number of Facebook likes increased from 862 likes on January 1 to 877 likes on December 31, 2017.
- Relations were established with the Moldo-Czech association for economic cooperation. As a result we will promote EcoVox production in Czech Republic. We will also look for new partners from this country.
- The production of tote bags from other recycled materials: the best international practices were studied; the potential new materials were studies ad their presence on Moldovan market; a strategy for the collection of materials was developed along with information leaflets for materials donation; information on the intention to collect the materials was sent to a number of companies.
- 90 tote bags with prints were produced for the national conference "Community for All Moldova: Achievements and perspectives". As a result, three persons that participated in the production of the bags received salaries. The print of the logo was done with our own equipment.
- 60 tote bags with prints were produced for the autumn school "Getting ready for the independent lining in the community". As a result three persons that participated in the production of the bags received salaries. The print of the logo was done with our own equipment.
- A bid for the production of 1550 canvas tote bags was developed and submitted to UNDP. After the selection of EcoVox bid the design of the tote bag was developed and coordinated with UNDP representatives. The production of 1550 bags was started in June and finished in November and the bags were delivered in tranches according to the approved schedule. The print of the logo and the message on the bag was outsourced as we don't have the equipment for cotton canvas print. Five persons (beneficiaries and one parent) were paid for the production work.

- 150 tote bags with prints were produced for the organization People in Need (PIN). The design of the tote bag was developed and coordinated with PIN. As a result three persons that participated in the production of the bags received salaries. The print of the logo and the message on the bag was outsourced.
- A market study was performed to identify the possibilities to outsource the canvas printing. EcoVox project has the possibility to print on light synthetic canvas only. For the other types of printing (on cotton and dark canvasses) it is necessary to work with other companies. As a result we established collaboration relationship with one company.
- The EcoVox team increased with two more persons. The new workers were deinstitutionalized from one residential institution and started living in the community. They went through a new staff orientation process and were offered a sewing machine.
- Bags from a high quality canvas were produced and personalized. The prints applied to the bags are various (Moldova coat of arms, the touristic symbol of Moldova, different stylized animals and persons) and are sold on exhibitions, fairs and at the artists market in Chisinau.

# **2.3.** Consultancy services

### **Objective:** To increase the sustainability of Keystone Moldova organization

# Performed activities during the reported period of time

- Consultant services to Trimbos NGO on conducting capacity building activities for the staff from mental health services. Three Keystone Moldova staff was capacitated by Trimbos in mental health issues. Trimbos subcontracted those persons through Keystone Moldova for provision of trainings.
- An agreement was signed with the AOPD from Moldova on the development of the Methodologic concept on the development of the deinstitutionalization program. The task was performed in the period January to April, 2017. The concept has been submitted for consultation with main stakeholders in the field of disability and social inclusion of persons with disabilities
- Consultancy services to Social Assistance Department from Ungheni on conducting capacity building training for personal assistants. The training was delivered for 50 persons. The period of the consultancy – 48 hours.

# 2.4. Promoting the Social Entrepreneurship

### Objective: To contribute to the development of Social Entrepreneurship in Moldova

### Performed activities during the reported period of time:

- Participation on the working group for the development of the Law on Social Entrepreneurship in Moldova.
- Keystone Moldova participated in the establishment of the Moldova Rebranded forum in march 2017. Together with other organizations (profit and non-profit) an Open Space forum was organized on the collaboration between the business and non- profit sector. The participation at the forum was feel based. The profit (aprox. 4500 MDL) was transferred to Keystone Moldova to be used for the projects
- Keystone Moldova participated at Civic Fest Festival. In the first day of the festival Keystone Moldova representatives participated as speakers at two discussion panels: Inclusive Education and Social Entrepreneurship. During the second day, we participated at a NGO fare. Handmade bags were exposed and sold and information materials about organization's activities were distributed.

# III. CROSS-CUTTING ACTIVITIES ( MEDIA AND COMMUNICATION, VOLUNTEERS MOVEMENT, NETWORKING, MANAGEMENT AND FUND-RAISING)

### 3.1. Media and communication

**The main purpose of media and communication activities** is a) to increase Keystone Moldova visibility on websites, social media and traditional media, b) to continue to advocate for deinstitutionalization and community living of persons with disabilities, c) to support other projects with visibility activities.
